

## ***Provisions of New Regulations for CO Detectors***

The following dates and locations have been scheduled to provide information on Phase I of the Provisions of New Regulations for CO Detectors. This seminar will provide information on the regulations (527 CMR 31.00) developed by the Board of Fire Prevention Regulations and will address the specific requirements of the law including the type, location, maintenance, and inspection requirements for the carbon monoxide alarms.

Further information and training can be obtained by registering for one of the Seminars listed below.

**NOTE: Pre-Registration is REQUIRED.** Applications can be received by fax (978-567-3229), mail or on-line. For On-Line registration refer to our Web Site @ [www.mass.gov/dfs/mfa](http://www.mass.gov/dfs/mfa)
